

# Crisis: Great Reset = Fourth Industrial Revolution = WW III

**WHEN & WHERE:** Here and now! It unfolds before our eyes.

**WHAT:** Unbelievable as it sounds, we are dealing with comic book level villains, in a dystopian science fiction level crisis. Not enough people realize that the world is at its most critical juncture in all human history. We are in the 11<sup>th</sup> hour of a man-made extinction level event. So far it has been a silent war for our minds and behavior. Klaus Schwab, founder of the World Economic Forum (which dictates world economy), says of the Great Reset: this *“**technological revolution ... is blurring the lines between the physical, digital, and biological spheres**”*.

This euphemistic statement translates into a coup d'état upon freedom that we are seeing rapidly engulf the entire world: **mandates and restrictions of physical activities, overreaching digital surveillance, and mRNA injections to modify our DNA**. If passivity, denial, fear and apathy continue, humanity is about to experience enslavement like it has never before experienced throughout all of human history; to include money, behavior and thoughts. Do not passively accept the “new normal. Review the track records of recent crises-policies (problems-solutions). **Each crisis is a pretense to enact a policy that removes more liberties.**

**WHO:** While everyone acknowledges “crime”, few have any tangible experience with the vast global criminal networks operating behind the scenes of every sector of society involving money and power; entire parallel societies of criminals operate right alongside law-abiding societies in every country. At the highest levels, **global elites** influence every aspect of our lives, through key **billionaires** who fund operations, executed by a “**deep state**”: legions of amoral minions, positioned at all levels of industry and government (who for various reasons, do as they are told without question). Look at the chaos flowing down through the entire hierarchy of the United States’ government.

**WHY:** Power corrupts. Absolute power corrupts absolutely. Slavery never ended, it evolved.

**HOW:** Currently, the world criminal cabals have decided to unleash chaos, in an attempt to create a “**problem**” for which they will offer a “**solution**”. The **Great Reset** was initiated with a false flag **pandemic** operation as a pretense for stripping liberties, and systematically dismantling free countries. Read Schwab’s [COVID-19: The Great Reset](#). The world’s economy was stopped, and manufactured crises serve as pretenses to enact emergency policies that strip liberties. Countries are dismantled with chaos, inflation, shortages, racial wars, etc. **Success for the Great Reset requires that humanity do nothing!**
